Safety Instructions

1. Handling

Do not force the button's nail through thick fabrics, as this may damage the nail or the surface.

Ensure that the nail is fully inserted through the fabric and into the safety cap or back fastener.

2. Cleaning

Carefully clean the button with a soft, dry cloth.

Avoid contact with water, as it may cause the metal part to rust.

3. Storage

Store buttons in a safe place, preferably in a box, to prevent damage and loss.

Keep buttons away from humid areas to prevent rusting.

4. Safety Instructions

Buttons with nails are not suitable for children under 12 years old. Keep them out of reach to avoid injury a

Ensure that the nail does not puncture unprotected skin to prevent injuries.
