

Safety Instructions

Safety Instructions

Handling:

Only touch the CD at the edges or the center hole to avoid scratches and fingerprints on the playing surface.

Avoid touching the playing surface with sharp or rough objects.

Storage:

Store the CD in its case or a suitable CD container to protect it from dust, scratches, and direct sunlight.

Keep the CD at room temperature (ideally between 10 and 25 °C) and avoid humid or extremely hot environments.

Cleaning:

Clean the CD only when necessary with a soft, lint-free cloth. Wipe from the center outward, never in circular motions.

Use only specially designed cleaning solutions or pure water. Aggressive chemicals can damage the surface.

Usage:

Insert the CD correctly into the playback device to prevent damage to the CD or the device.

Do not use damaged or heavily scratched CDs, as they may interfere with the playback mechanism.

Warning Notices:

Keep the CD out of reach of small children, as they may injure themselves or swallow small parts (e.g., broken fragments).

Avoid forcibly bending or breaking the CD, as sharp edges may form, posing a risk of injury.

Environmental Protection:

Do not dispose of defective CDs in household waste. Instead, take them to specialized recycling centers or waste collection points. CDs contain materials that can be recycled in an environmentally friendly manner.

Disclaimer:

The manufacturer assumes no liability for damage or injury resulting from improper handling or use of the CD. Please follow these guidelines to ensure safe and long-term use.
